# Big Brothers Big Sisters Lead in Mentorship

BY AMANDA HUNTSMAN

Big Brothers Big Sisters of Orange County and the Inland Empire, the largest mentorship organization in California, creates and supports mentoring relationships that ignite the potential of the next generation. Their mentoring model is built on youth equity and empowerment, designed to meet young people where they are and equip them with the skills to transform their lives and communities. Since 1958, they have connected underserved youth with strong, enduring, and professionally supported mentors, creating a direct

and measurable impact on their lives. With a mentor, youth develop the emotional intelligence and social capital needed to achieve educational milestones and plan for career success. Through mentoring, the goal is to reduce the number of disconnected youth in Orange, Riverside and San Bernardino counties, building a self-sufficient workforce with the power to change the world.
