The Story of Cami

The names have been changed to protect the privacy of our clients

Cami is a single mom of two children Victoria and Susie ages 5 and 8. This year has been very tough for Cami and her family, as she lost her job and is struggling to make ends meet. Finding themselves in a detrimental financial situation, they had no choice but to spend last Christmas in a shelter. Yet, with hard work, generous hearts, and trust in God, Cami's situation improved, and they were able to move from the shelter to an apartment. While Cami is grateful to have a roof over her head, she has little means to provide gifts for Victoria and Susie this Christmas. Thanks to our Christmas Blessings Program, Cami was able to be matched with a benefactor, ensuring her children will have gifts to open on Christmas Day. To support our mission visit ccoc.org/donate
